

JOIN OUR TEAM

Two Child Psychologists | Sydney | Wollongong

Over the past 10 years, the Quirky Kid team has **grown** from two passionate founders to a world class team of psychologists, educators, designers, authors, illustrators, app developers and so much more.

Our clinics and workspaces are filled with **inspiration, knowledge** and our unstoppable **commitment to our mission** - to support young people and their families around the world to reach their full potential.

We are very busy and continue to grow, develop and evolve. As a result, we are now looking for **two Child Psychologists** who share Quirky Kid's passion and long to be involved in something special.

About Quirky Kid

We're one of Australia's leading Child, Adolescent and Family Psychology Clinics and passionately committed to providing clients with the highest standard of service delivery. Quirky Kid is a member of the University of Wollongong business incubator program, 'iAccelerate'. We operate clinical spaces in Sydney and Wollongong and have a new clinic planned for Canberra in 2018.

Clinicians,
Publishers,
Educators –
we are leaders
in Child,
Adolescent &
Family
Psychology.
Set for
growth; we're
on a mission
to make a big
impact.

You may also know of Quirky Kid as an award winning publisher of unique therapeutic resources for young people and families. They include The Face it Cards, The Tell me a Story Cards and the popular programs like Power Up™ and The Best of Friends®, which are used in schools around Australia and overseas.

We're set for growth - on a mission to make a big impact:

As an organisation, we put our **values at the core** of how we operate. We want the time and energy you spend at Quirky Kid to have a **positive impact** on the lives of our clients. **Our purpose is to achieve positive change for children and families.** To make this possible, we ensure **our capabilities** are calibrated correctly by being well resourced, supportive, responsible and flexible employers; 'we practice what we preach'.

Quirky Kid is already making a big difference in the lives of our 6000 plus clients, but we don't want to stop there. We plan to consolidate our position **as leaders, pioneers, imaginative, creative and contemporary thinkers.** But we can't do it alone. We need colleagues who are enthusiastic, committed, **collaborative** and genuine. We **encourage** input and **value the opinions** of others. **Together** we make amazing things happen.

The result of this inspiring combination of factors is that **Quirky Kid is a unique place to work.** We are sought after, busy and productive. You will work with real people who embrace quirky, true to our values and comfortable being who they are.

So, come and join us.

Our aim is to impact and reach more and more people. We're looking for **like-minded colleagues** with **inspired thinking, modern** approach and **positive** mindset.

You will be **reliable, consistent and independent.** You are very comfortable with your **therapeutic** and **assessment skills** with children, adolescents and families. You are **curious** and **open-minded,** with a great **appetite for learning,** evidence-based practice and research.

You can look forward to joining a workplace that is established, relaxed and welcoming. You will **find fulfilment from a clinical load perspective** with a breath of clinical issues; plus, the opportunity to **contribute inspiring programs and projects.**

Your role:

- Deliver evidence-based therapeutic intervention to young people aged 2 to 18 years and their families.
- Enjoy facilitating group programs and workshops to young people and parents.

- Complete a range of psychological assessments and reports for the purpose of diagnosing developmental or learning presentations.
- Evaluate and optimise current processes, bringing a fresh perspective to benefit the Quirky Kid team.
- Support talent retention by offering mentoring, supervision and training to provisional or junior psychologists.
- Expand the reach of therapeutic programs by engaging with peers and organisations through social networks, events or training.
- Ensure Quirky Kid remains a progressive workplace by staying up-to-date on policies, trends and philosophies in developmental psychology, social and emotional learning and management.

Your Profile:

- Registered with the Psychology Board of Australia
- Relevant experience and interest in professional development;
- Unique and special skills to engage and communicate therapeutically with children;
- Patient, flexible, adaptive and committed.
